Présentation

Our caravans welcome you with the pleasure of sharing our still wild corner of nature, its simple and unpretentious gypsy camp. Cosy, colourful and cheerful atmosphere, like the gypsies in general. Full of details, attentions and comfort in addition: a true den for lovers of « glamping » with a bohemian spirit!

Our gypsy caravans are built by the owner and located on his land, but at a sufficient distance to guarantee the peace and privacy of the guests. The main caravan includes : 1 bed in alcove for 2 persons with mattress, bathroom (shower, wc), kitchenette. Small covered terrace. Electric heating. Possibility of sleeping a young child on the bench (max. 5-6 years old), please inform us in advance

The second caravan, smaller, is an additional room which allows to increase the sleeping capacities and to welcome, in autonomy, either the children of the customers occupying the main caravan, or a couple of friends who come to share the stay. It has a double bed, a washbasin and some storage space. The occupants of this caravan will have to use the toilets and the shower of the main caravan

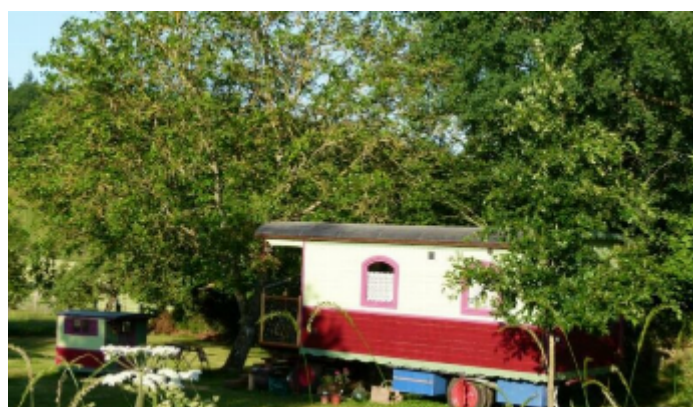

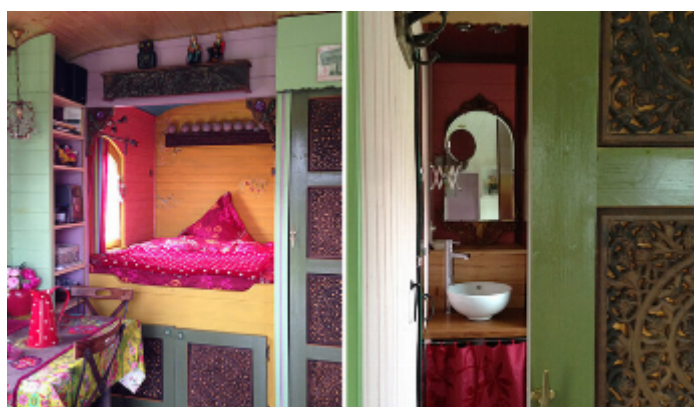

Wood fire possible outside, for grilling or just for fun. Wood for the outdoor fire can be provided upon request.
